The county is proposing some speed limit changes on our road. The stretch of road we live on is currently posted 80km/hr and is it being proposed that the limit be reduced to 70km/hr. We would like to know if it is possible to reduce the limit to 60km/hr. Up the street from our house is a hill that has limited sight lines and our children get on and off their bus in front of our house. Currently people drive very fast on our road and it is not uncommon to see people pass other vehicles here. This has been a safety concern that has been previously expressed by Canada Post as well which lead to the mailboxes here needing to be moved up the road.
- **Will you be providing any electronic information (i.e. a**

presentation) beyond your summary above?

No

- **Have you appeared before council to discuss the same topic in the past?**

No
