# ALIGNED WITH NEW STRATEGIC PILLARS

## HOW WE WILL HELP

### **Promoting Community Vitality**

Future Oxford will engage more members of the public and community groups and will increase their impact.

### **Enhancing Environmental Sustainability**

Future Oxford will help people to avoid feeling helpless. Making Oxford *Energy Smart* together; reforesting Oxford; reducing organic waste-- we will build resilience so Oxford can cope with whatever climate change throws at us.

### **Fostering Progressive Government**

Future Oxford will encourage participation and help measure community satisfaction. Our efforts together will strengthen confidence in municipal institutions.

# MOVING FORWARD

## Join Future Oxford

We will be the community connector--encouraging, coordinating, supporting organizations and individuals working towards a sustainable future.

We will consult with the community to ensure that the plan aims for a future they can commit to and that is expressed in language that is clear.

THANK YOU
