

THE CORPORATION OF THE TOWNSHIP OF NORWICH

February 17, 2021

Oxford County Council
21 Reeve St., PO Box 1614
Woodstock, ON
N4S 7Y3

Dear Warden Martin and Councillors

Re: Audible Traffic Signals

At their meeting held Tuesday January 26, 2021, the Council of the Township of Norwich received and supported a resolution from the Township of Norwich Accessibility Advisory Committee.

At a recent meeting of the committee there was discussion regarding local residents expressing concerns that with the new seniors' residences being built, there may be difficulty trying to access stores on Main Street in the Village of Norwich. This would not only affect seniors but also others within the community with vision, mobility or other accessibility concerns.

Therefore, the Council of the Township of Norwich requests that County Council consider installation of audible traffic signals at the intersection of Stover Street and Main Streets in the Village of Norwich.

Thank you for taking the time to consider this matter.

Yours Truly

Kimberley Armstrong
Deputy Clerk

cc. Frank Gross, Manager, Transportation and Waste Management
