---

Good morning,

At the June 14, 2021 meeting of Tillsonburg Town Council, the following resolution was passed:

Resolution # 2021-281

Moved By: Councillor Esseltine

Seconded By: Councillor Gilvesy

Knowing that municipal sanitary services have not been available to property owners in the North Street East from Broadway to Beckett Boulevard area in the past, and that residents have been required to provide and maintain their own septic systems (many of which continue to be in good working order), being required to connect to new municipal sanitary services at a cost per property in excess of \$9000 seems unreasonable.

Therefore, the Council of the Town of Tillsonburg respectfully recommends to the County of Oxford that owners of unserved properties along the North Street East Corridor and surrounding area in Tillsonburg be offered an option to defer connection to the new water and sanitary services available to them through the Oxford Road 20 Road Reconstruction project, and that an open attendance public meeting be held when Covid regulations allow.

Regards,

**Amelia Jaggard, CMM II**

Deputy Clerk

Town of Tillsonburg
