13-Jan	PW 2021-01: Resolved that the recommendations contained in Report No. PW 2021-01, titled "Implementation of Speed Management and Road Safety Review Recommendations", be adopted; And further, that County Public Works re-install the 80 km/h zone in Beachville on County Road 9 as it was prior to the recent change, and that the 50 km/h zone be extended to the 80 km/h zone on both the east and west end of the village; And further that the recently installed speed indicating signs remain as they currently are; And further that at the Township of South West Oxford's expense, that South West Oxford Public Works will do a minimum of three 7-day trials in each direction at different locations along Beachville Road over the next 6 months with all results provided to the OPP, the County of Oxford Public Works and Council, and the Township of South West Oxford Council by the first week of July 2021, to help determine if the Speed Indicating Signs have had any significant difference to the speeds of the traffic; And further that County Public Works prepare a report by August 30, 2021 if possible, (with potential support/cooperation of the OPP) subsequent to receiving the results of the speed monitoring done by South West Oxford to: 1. Provide their advice as to the effectiveness of the speed signs; 2. Other alternate speed influencing steps that could be taken to reduce the incidences of speeding (which may include but are not limited to bump outs, village entrance road width restrictions, three way stop at the corner of Zorra Line and Beachville Road and other environmental options) and; 3. The opportunities for utilization of Automatic Speed Enforcement system throughout the county which would include the potential for provincial acceptance. And further, that upon acceptance and implementation of effective speed reduction measures, that County Council would then consider potentially increasing the posted speed limit in Beachville; And further, if the similar changes made in Embro are not supported by evidence in Q1 that they also be returned to their previous state.
