1.0 PURPOSE OF THE AMENDMENT

The purpose of this amendment is to update Sections 3.1 (Agricultural Area), 4.2.2.1 (Growth Management – Rural Area), 6.2 (Residential Uses in Rural Settlements), 6.3 (Commercial Uses in Rural Settlements) and 10.3.9 (Temporary Use), as contained in the County Official Plan, to implement policies regarding Additional Residential Units (ARUs) in the Rural Townships and update certain policies with respect to the garden suites.

2.0 LOCATION OF LANDS AFFECTED

The policy amendments regarding Additional Residential Units generally apply to all the lands within the County's five Townships, as shown on Schedules 'B-1', 'E-1', 'N-1', 'S-1', and 'Z-1' of the Official Plan, with the exception of the updates to Chapter 10 pertaining to temporary garden suites, which apply to all lands within the County.

3.0 BASIS FOR THE AMENDMENT

Bill 108, *More Homes, More Choices Act* and accompanying regulations came into effect in Ontario in September 2019, providing Provincial direction and implementing various measures to increase the availability and affordability of housing through amendments to the *Planning Act* and the *Development Charges Act*. The amendments to the *Planning Act* require that municipalities enact policies that authorize Additional Residential Units (ARUs) in low density housing types, specifically single and semi-detached dwellings and street townhouses.

This Official Plan amendment introduces enabling policies that are intended to reflect and implement the current Provincial direction on ARUs for the rural areas of the County (i.e. the five Townships), while also establishing comprehensive review criteria to inform and support the establishment of appropriate zoning provisions and, where deemed appropriate, other local implementation measures for such units in those areas. Council is satisfied that the policies contained in this amendment provide the necessary support and direction for each of the Townships to establish specific local direction with respect to where ARUs will be permitted, and what standards will apply, primarily by establishing appropriate zoning provisions for such units through a comprehensive, Township-initiated Zoning By-law amendment.

Updates to Chapter 10 comprise minor amendments to reflect amended Planning Act provisions with respect to garden suites. The amendments are to clarify wording and amend the amount of time that a temporary garden suite is permitted to remain from 10 years to 20 years. The amendments would enable area municipalities to amend their zoning provisions with respect to garden suites as deemed appropriate.

The policy amendments regarding ARUs generally apply to all the lands within the County's five Townships, as shown on Schedules 'B-1', 'E-1', 'N-1', 'S-1', and 'Z-1' of the Official Plan, with the exception of the updates to Chapter 10 pertaining to temporary garden suites, which apply to all lands within the County.
